

Subject: Edits to Session Due Wednesday for CA Charter Schools Conference

This is a reminder that any edits to your session must be completed online by Wednesday, January 6th for the printed program for the 2010 California Charter Schools Conference.

Please review your session information below. This is listed online in the program search and will appear in the printed program. Please be sure to double-check spelling of the title and description, as well as checking that you have spelled out any acronyms you may have used (for example: "No Child Left Behind" instead of "NCLB").

To make edits, please visit the submission login at:

You will reaccess the submission system with your email and password. Click on the title of your presentation then [edit this section] to update that page.

REGISTRATION:

If you have not already registered, there are three registration options for presenters:

1. Full conference registration
2. One Day registration
3. You may also register as "Presentation Only" at no cost, however there are severe limitations to the "Presentation Only" option. You may only visit the session room where you are presenting and may not partake in any other conference activities. You will not be able to visit the exhibit hall or any other sessions. This policy will be strictly enforced in 2010.

Presenters who have not already registered should visit our private presenter online registration link to register (if you did not receive the email with this link, please contact us at charterconf@continue.uoregon.edu to have this link emailed to you). We encourage you to register by January 15th to take advantage of the better rate. Please contact the Registration Office at 800-280-6218/541-346-3537 or charterconf@continue.uoregon.edu with any questions.
